

Eric B. Rosen, M.Sc.
President and CEO
KMW Systems Inc.

Mr. Rosen received his Master of Science degree in Mechanical Engineering from Chalmers University of Technology, Gothenburg, Sweden in 1979. After graduation, Mr. Rosen began his career as designer of biomass energy systems with KMW Energy in Sweden and held the position as Manager of Engineering before his transfer to Canada in 1984. In 1987, Mr. Rosen assumed the position as President and CEO of KMW Systems Inc., a Canadian owned company specializing in designing and supplying biomass fired energy systems. Mr. Rosen's passion is evident in his dedication to use biomass as environmentally responsible and sustainable sources of energy. Under his leadership, KMW has advanced their combustion technology through ongoing research programs. Mr. Rosen has an ongoing collaboration with Researchers at NRCan/Canmet where numerous combustion trials on a variety of biomass material have provided information on combustion characteristics and emission data.
