

## Occupational Health and Safety Policy

**The Corporation of the City of London** recognizes the management of health and safety is paramount to the wellness of our employees and to the citizens of the community. The **Chief Administrative Officer** and **General Managers** commit to the implementation of an Occupational Health and Safety Management System to protect employees by creating and maintaining safe workplaces and to comply with all applicable occupational health and safety legislation and other related requirements.

In recognition of **The Corporation of the City of London's** commitment, the **Chief Administrative Officer and General Managers** will pursue the following objectives:

- Establish, implement and maintain health and safety policies, programs, and procedures, as essential elements of the Occupational Health and Safety Management System;
- Communicate to employees their responsibilities within the Occupational Health and Safety Management System which include an obligation to conduct their activities in a healthy, safe and responsible manner;
- Continually improve the organization's health and safety performance with the goal of preventing accidents, personal injuries/illnesses, property damage and loss.

**The Corporation of the City of London** recognizes improving and securing the health and safety of its employees will provide a healthier work environment and community.
