

**Momentum: Moving Forward Together** will be a day of youth leaders from around London mobilizing to create action plans and increase the cooperation on issues that matter to them.

**Major Components:**

- Sharing the results of our Youth Create Healthy Communities dialogues with youth groups
- Interactive Table Displays: a networking process to feature the knowledge / accomplishments / achievements of some of London's youth groups
- Engaging attendees in creating "action plans" around five major themes identified through the YCHC initiative.

**Interactive Table Displays**

We invite any youth groups attending to showcase their amazing accomplishments and knowledge by hosting an Interactive Table Display.

- Table Displays should show: (a) the role youth play in the group / project, (b) what successes you / your group have achieved, and (c) what knowledge you / your group have as a result of your work.
- During a specific networking time, other youth will come to your display to learn about you and your work. Display will remain up all day.
- Interactive and visual components encouraged.

# Momentum: Moving Forward Together
