Additional Rules for the 2020 Garden Season

The following rules have been added for the 2020 gardening season to keep our gardens and our gardeners safe. We need you to do your part. Gardeners not able to follow these rules will be asked to leave and will risk losing the privilege to garden.

1. Follow current public health guidelines at all times.
2. Always maintain physical distance of at least 2 metres (6 feet) both in and around the garden (except for people who live in the same household).
3. Be mindful of busy gardening times to allow for proper physical distancing.
4. Please limit gardening time to a maximum of 2 hours to give others a chance to garden.
5. Access will be prohibited to anyone who is exhibiting symptoms of COVID-19, has been asked to self-isolate, or has had close contact with a confirmed case.
6. Gardeners must provide their own sanitization supplies and MUST have them available each time they are in the garden. Gardeners must clean any shared surfaces they touch both before and after use.
7. Gardeners must bring their own tools and garden gloves. Avoid sharing tools.
8. Your health and safety are your own responsibility.
9. Practice proper sanitization and hand hygiene, including:
   - Wash/sanitize your hands upon entering and exiting the garden;
   - Clean any surfaces outside of your plot that you touch both before and after use;
   - Cover your cough into your sleeve; and,
   - Use gardening gloves and launder them after each use.
10. Events, programming, or group activities in the gardens are not allowed.
11. The London Community Gardens guidelines signed off in your Plot Licence Agreement are still in effect and must also be followed.
