Planning Policies

Any change to the Zoning By-law must conform to the policies of the Official Plan, London's long-range planning document. These lands are currently designated as Neighbourhood Commercial Node in the Official Plan, which permits small retail stores; food stores; pharmacies; convenience commercial uses; personal services; financial institutions; service-oriented office uses such as real estate, insurance and travel agencies; community facilities such as libraries or day care centres; professional and medical/dental offices; small-scale restaurants; commercial recreation establishments; and similar uses that draw customers from a neighbourhood-scale trade area. Residential units above ground floor commercial uses may be allowed. Multi-family high or medium density residential uses may also be permitted through a zoning by-law amendment application, concurrent site plan application and

consideration of design features which allow integration of the two uses. Zoning on individual sites or areas may be for less than the full range of permitted uses.

The subject lands are in the Shopping Area Place Type in *The London Plan*, permitting a broad range of retail, commercial and residential uses.
