

SECTION 33

NEIGHBOURHOOD FACILITY (NF) ZONE

33.1 GENERAL PURPOSE OF THE NF ZONE

This Zone provides for and regulates public and private facility uses which primarily serve a neighbourhood function. They include small to medium scale uses which have minimal impact on surrounding land uses and may be appropriate adjacent to or within residential neighbourhoods. The NF Zone variation permits the lowest impact uses permitted in the zone and typically uses are developed independently. The NF1 Zone variation permits the NF uses plus uses which are generally larger and generate more traffic and activity. Generally, uses are combined on any one site. The NF2 Zone variation is typically applied to facility uses in rural areas where larger lot areas are required because of servicing constraints. (Z-1-051390)
