Environmental, Socio-economic Equity and Governance (ESG) Considerations

Environmental, Socio-economic Equity and Governance Profile for this service:

Environmental:

- Sports Services is incorporating smart technology to track rainfall amounts to help reduce the need for irrigation.
- Sports Services uses smart technology to program sports field lights to ensure that they are only on when required.
- Aging sport field lightning is being replaced with more energy efficient products.

Socio-economic Equity:

- Sports Services allocation of recreation and sport amenities is fair and equitable to all associations.
- Sports Services works closely with local sport associations to ensure that our recreation and sport amenities are meeting the needs of the community.

Governance:

- Sports Services have enhanced Health & Safety and Risk Management procedures in place to mitigate risks by adhering to legislative requirements.

The following section provides an overview of the key activities the service plans to undertake from 2024 to 2027 to implement the Corporation's 2023 to 2027 Strategic Plan, as well as an overview of the risks and challenges the service is anticipated to experience during this period:

Service Highlights 2024 to 2027

- Increase rectangular sports field inventory through development of new parks, partnerships, and through extending daily play of existing amenities (i.e., lights and playing surface improvements).
- Continue to work with partners to formalize agreements as it relates to use of assets.

- Develop a Municipal Sport Policy to assist in decision making as it relates to allocation of sport amenities and location of future amenities.
- Work with new and emerging sports to meet their growing needs.

Risks and Challenges Anticipated in 2024 to 2027

- Cost of land within the Urban Growth Boundary (UGB) for sporting amenities.
- The continued growth of the number of sport organizations within the City of London.
- Closure of private recreation and sport facilities.
- Increased demand for outdoor amenities in the seasons of March, April, September, and October.
- Increased demand for resources in the evenings and weekends.
